

Ohio Stands Up! Expands Resources and Partnership to Reclaim and Defend Ohioans' Civil Liberties

11/4/21 – Ohio Stands Up! is a 501c4 advocacy organization comprised of God-fearing, patriotic volunteers from Ohio. Founded in April of 2020, Ohio Stands Up! was the first “stands up” organization of its kind and we have many states following suit (Please visit America Stands Up! at <https://americastandsup.org/>). Our mission encapsulates a three-tiered approach and lawsuits are just one area of focus. The mission of Ohio Stands Up! is to reclaim and defend Ohioans’ civil liberties through legal, educational, and political action. As an advocacy organization, Ohio Stands Up! aims to educate Ohioans and all Americans on the reality of COVID-19 while ensuring that our constitutional rights are honored in the process. Ohio Stands Up! was the first state to file a federal lawsuit in an effort to challenge the governor’s entire State of Emergency. While Ohio Stands Up! still coordinates with attorney Thomas Renz who filed the suit against Governor Mike DeWine on 8/31/20, he has become the national legal figurehead to amass whistleblowers and promote facts nationwide. While the Ohio case filed against the CDC was dismissed on 9/28/21, this does not signify a full stop in this fight. We will continue to support law firms willing to file lawsuits against unconstitutional mandates and policies for Ohioans.

Ohio Stands Up! has been vetting and researching attorneys willing to litigate in Ohio and we are officially announcing our support of Mendenhall Law Group. Ohio Stands Up! is proud to announce that this small firm in Akron, Ohio is dedicated to representing and litigating cases involving unconstitutional COVID policies impacting Ohioans. Currently, Mendenhall Law challenged Miami University’s unconstitutional covid policies and the university retracted its policies. Mendenhall Law is seeking to challenge other universities who are implementing similar policies. There are other cases being developed involving a variety of sectors. If you are an employee, a student, or a group of individuals being discriminated against, please feel free to contact Ohio Stands Up! at 419-455-1585. We are assisting Warner Mendenhall in triaging these prospective cases. The Ohio Stands Up! board will be reviewing cases that may benefit from financial support and help facilitate fund raising to procure legal representation. Because plaintiffs will incur legal costs, Ohio Stands Up! would like to buffer some of the financial hardship when possible. If you’d like to donate to these cases that could set good precedent for all Ohioans, please visit our website and donate directly to Ohio Stands Up! at <https://www.ohiostandsup.org/get-involved>. All donations go toward legal and educational efforts and our board members work strictly on a voluntary basis.

Thank you to everyone that started with us, that supports our efforts, and continues standing up! Please connect with us on Facebook at <https://www.facebook.com/OhioStandsUp>, on mewe at <https://mewe.com/join/ohiostandsup>, and sign up for email notifications at <https://www.ohiostandsup.org/>. Keep standing, Ohio!

Sincerely,

The Ohio Stands Up! Board
